Review report

Review object (topic):   **Topic 3**
Version: **April 16, 2003**
Reviewer: **Nataša Ibrajter & Zoran Putnik**
Date: **15. October, 2003**
----

1. General remarks and general impression concerning the state of the review object

2. Contents errors and misspellings in the slides

Slide 6: Spelling error "Specialiste" instead of "Specialist".

3. Physical errors in the slides

Slide 13: It seems that one arrow is missing. In a system integration box, "System testing" is not connected to anything.
Slide 27: Picture is to big, goes out of the picture.

4. Slides with a bad style and suggestions for improvements

Slide 8: It seems like it says "C++-".
Slide 26: One of the boxes with the english text "Quality assurance" covers the text bellow.
Slide 38: Text is not completely visible because of the arrows.
Same for slide 40.
Slide 39: Bullets are not alligned.

5. Additional suggestions for improvements and and extentions

6. Lecture notes for particular slides:

7. Suggestions to improve the review report form

8. Deviations from the style guides

9. Experience report from a lecture:

10. Experience with the translation into the native language
